MEMORANDUM FOR: Office of Logistics/Procurement Division

ATTENTION : Production Contract Branch

SUBJECT : Request for Contract with [redacted] (Procurement)

25X1

25X1

1. It is requested that your office take appropriate action to establish a contract with [redacted] for the fabrication of fifty [redacted]. This device has been stocked under Number 6760-R00-3942 and can be considered a recorder with improvements. Previous productions have been performed in house. At the completion of this production drawings will be proven and a specification will be established. Inspection will be performed by ASD/IB.

25X1

25X1

2. Funds in the amount of \$7,705.00 are to be made available to the contractor for this production, preferably on a CFF basis. This is because only one prototype has been fabricated and tested and specifications are as yet unproven. Delivery is to be made within six months. Charges are to be made against allotment Number 2589-0630-0060 Stock Procurement Account of T-3 material.

25X1

3. Employees of [redacted] and their [redacted] sub-contractor have already prepared a satisfactory [redacted] that demonstrates their capability. Their estimated cost of \$154.00 is considered very reasonable. From past experience it appears that other sources might change this amount for the [redacted] alone.

25X1

25X1

25X1

25X1

4. This contract should be Agency sterile. Government interest may be shown. Sub assemblies of the item are considered unclassified. The item when finally completely assembled should be considered Secret until delivered to the Agency warehouse at which time it is considered unclassified. The safe recently transferred to [redacted] for production of the [redacted] should be adequate to safeguard the finished [redacted]. Agency interest in all work and material under the contract is classified Secret and may be divulged only on a need-to-know basis to appropriate security approved personnel.

25X1

25X1

25X1

5. Further information concerning this request may be obtained by contacting the project engineer for this program, [redacted] Room 219,
